

HorsemanSHIP Redefined: Rate Sheet

Private Lessons:

For an individual lesson we charge \$100, or we charge \$850 for a package of ten lessons. Open for any skill level. Our private lessons are one on one with an instructor. Riders will learn the basics of grooming, tacking up, riding and untacking the horse. Lessons are approximately one hour long. As the rider becomes more competent with grooming and tacking up, their riding time will increase.

Group lessons:

If you have 3 or more people who want to participate in a group lesson, it would be \$75 per person.

In barn half lease with one of our horses: \$450 per month

This is a great way to get your toes wet in the horse world! This lease would include having full access to a well trained, well mannered, safe horse three days a week. Leasing allows one to have an experience, similar to owning a horse, without so much risk/commitment involved, and without having to pay a purchase price. For a half lease, we would have you commit to a 3 or 6 month lease with that particular horse. You can ride around the ranch and in the arena, but you MAY NOT leave the ranch with the horse. This does not include lessons or trail rides, so that would need to be purchased separately. Lessons and trail rides will be discounted to \$75 per ride if you are leasing a horse.

In barn full lease with one of our horses: \$700 per month

Thinking about getting a horse, but a bit nervous? A full lease allows you to treat one of our reliable and safe horses as your own! This lease would include having full access to a well trained, well mannered horse six days a week. Lessons and trail rides will be discounted to \$75 per ride if you are leasing a horse.

Full Training: \$1750 per month

If you own a horse, we offer full training which would include 5 sessions a week for \$1,750 a month. A session could be one on one with the horse and the trainer, or a riding lesson on your horse or a ground work lesson with your trainer.

Partial Training: \$1,000 per month

If you own a horse, we offer partial training which would include 3 sessions a week for \$1,000 a month. A session could be one on one with the horse and the trainer, or a riding lesson on your horse, or a ground work lesson.

Body Stress Releaf for Horses:

Consultation and first session - Normally: \$175

If you have your horse at our facility or work with Pat or Casey: \$125 per session

Turn-outs: \$15 per session

Blanketing: \$10 per time

Lunch pellets with alfalfa pellets provided: \$125

Show clean up: \$100 (clip ears, face, and legs, and pull the mane)

Mane pull: \$35

Lay up care: \$250 per month

We feed your grain daily: \$75 per month

Full body clip: \$150-\$200

One hour guided trail ride:

One person: \$150

Two people: \$125 per person

Three + people: \$100 per person
